

About us:

We Are India's First Artificial Intelligence (AI) Driven Gamified Platform For Hiring, Learning, Assessment And Engagement.

Vision

Our Vision is to create a world class platform that will seamlessly connect recruiters and job seekers.

Mission

To make career enhancing technology accessible to both meritorious job seekers and recruiters through the platform built on cutting edge technologies. We will provide value added services by conducting talent acquisition initiatives on the EduThrill platform. Through these initiatives, not only will we help recruiters meet their objectives at lower costs and effort but also help job seekers find their dream jobs faster.

Our offerings range from End-to-End Hiring, Employer Branding, and L&D solutions for corporate to Proctored Examinations and Interview Preparation Assessment solutions for Institutes. We also help students prepare for various exams and job seekers in preparing and landing on the job of their dreams.
