

ANNUAL REPORT

2023/2024

**CENTRE FOR PROFESSIONAL DEVELOPMENT
SRI GURU GOBIND SINGH COLLEGE OF COMMERCE
UNIVERSITY OF DELHI**

ABOUT THE COLLEGE

Sri Guru Gobind Singh College of Commerce, founded in 1984, as the second commerce college of the University of Delhi, is a premier institute, specializing in commerce, economics, business studies and computer science. The college is recognized for academic excellence. The emphasis is on provision of quality education accompanied with character development and cultural growth so as to prepare socially responsible citizens. College is guided by the motto 'Behold All Human race as One' promotes excellence in education, co-curricular activities and sports to make students earn their livelihood and become better citizens

ABOUT THE CENTRE

The Centre aims to impart competence and fulfil career aspirations of students through structured learning pathways i.e. offering add-on courses, conducting training sessions/workshops, holding special lectures, etc. The Centre promotes networking with national & international institutions of repute and collaborates with industry and academia for developing the curriculum and delivery of relevant skills for students. Students are trained by professionals and also get an opportunity of experiential learning. Our vision is to provide a cutting-edge platform to the students so that they become professionally qualified and industry-ready and to equip the students with problem-solving tools to overcome the challenges of the future world.

MS EXCEL (BASIC + ADVANCE)

During the current academic year, the Centre for Professional Development in collaboration with Weekendr organised certificate course in MS Excel (BASIC + ADVANCED) with Introduction to PowerBI twice for the students. This course, which spanned 30 hours of instructor-led lectures, discussions, assignments, and project work, equipped many students with the skills to harness the capabilities of MS Excel and PowerBI. The training covered a range of topics, including data analysis and consolidation, logical problem-solving, MIS reporting, and data visualization. To assess their understanding and application of these skills, the students were tasked with a project assignment. Upon successful completion of this assignment, they were awarded certificates, marking their achievement in mastering MS Excel and PowerBI.

BASIC STATISTICS & REGRESSION

The Centre organized a Basic Statistics and Regression Add-on Course from August 23 to September 18, 2023, conducted by Dr. Ashish Kumar Shukla, Dr. Sachin Tomer, and Dr. Brijesh Kumar from Ramanujan College, University of Delhi. The course aimed to provide a comprehensive understanding of statistical concepts and methodologies, covering measures of central tendency, dispersion, bivariate analysis, hypothesis testing, regression analysis, and time series analysis. The instructors' extensive expertise, real-world examples, and ability to simplify complex concepts enriched the learning experience. Addressing the pressing need for statistical literacy in data-driven decision-making, the course equipped participants with analytical tools necessary across various professional domains. Participant feedback highlighted the clarity of instruction, relevance of content, and practical applicability of learned concepts. Pre and post-course evaluations indicated significant improvement in participants' statistical knowledge and confidence.

FUNDAMENTALS OF PYTHON

The Center organized a Fundamentals of Python Add-on Course from August 22, 2023, to September 25, 2023, conducted by Mr. Ankit Rajpal. The course aimed to equip participants with comprehensive knowledge and practical skills in Python programming. The course covered topics such as Python program structure, data types, control structures, strings and lists, searching and sorting algorithms, file handling, and an introduction to object-oriented programming. Mr. Rajpal's clear explanations, real-world examples, and interactive teaching style made complex concepts accessible. The one-month Python course addressed diverse needs, including enhancing career prospects, improving workflow efficiency, embarking on coding projects, and meeting academic requirements. Python's widespread use in fields like web development, data science, and automation made the course valuable. Participant feedback was overwhelmingly positive, with appreciation for the hands-on approach, relevant content, and the instructor's ability to cater to various skill levels.

BSE WORKSHOP

The Centre organized a workshop on October 11, 2023, in collaboration with the Bombay Stock Exchange Institute Limited. The workshop focused on Financial Modelling, Basic Course on Stock Market Fundamental and Technical Analysis. It aimed to provide students with industry-oriented practical knowledge, increase employability, enhance skills and knowledge, increase earning potential, and increase networking opportunities. The event featured insights from experienced professionals in the financial markets domain and offered valuable guidance to students interested in pursuing careers in finance-related fields like investment banking, research analysis, risk management, and the stock market. It was an informative session that helped attendees gain a comprehensive understanding of lucrative job prospects and sought-after courses in the finance industry.

CHARTERED FINANCIAL EXPERT

The Chartered Financial Expert (CFX) program by FinX, in collaboration with NSDC, offers an industry-recognized certification to gain diverse skills and become job-ready for the banking and finance industry. The comprehensive curriculum covers technical aspects like securities markets, derivatives, insurance, and financial planning, along with behavioral skills like communication, work ethics, and sales proficiency. Highlights include an industry expert-designed curriculum, 100% placement assistance, wide career opportunities across BFSI sectors, masterclasses with renowned experts, and up to 100% scholarship for female students. With top BFSI companies as placement partners, best-in-class faculty, and potential for freshers to earn up to 5 Lacs p.a., the CFX program provides a promising pathway for aspiring finance professionals.

The graphic is a promotional poster for the Chartered Financial Expert (CFX) program. At the top left, there is a photo of three people (two men and one woman) looking at a screen. To the right of the photo are the NSDC and FinX logos. Below the photo is the large CFX logo with the text 'Chartered Financial Expert' underneath. A purple banner below the logo reads 'An industry recognised, professional certification program'. The main body of the graphic is white with a light blue background. It features a 'Course Highlights' section with five green checkmarks and text: 'Industry recognized certification that adds to your personal brand', 'Curriculum designed and delivered by industry experts', '100% Placement Assistance', 'Comprehensive curriculum of technical & behavioural skills', and 'Opens Wider set of career opportunities across BFSI'. To the right of this is a section for 'Upto 100% Scholarship available for girl students from MIRAE ASSET Foundation'. Below the highlights is a 'Masterclass with renowned industry experts' section with a star icon and text 'To gain insights & strategies for success'. To the right of this is a 'Chat with us to know more!' section with a 'SCAN ME' button and a QR code. Below the QR code is a 'Supported by' section listing the Indian Banks Association (IBA), Association of Mutual Funds of India (AMFI), and General Insurance Council. At the bottom is a 'Placement Partners' section with logos for SBI Securities, HDFC, and many others.
